B128 P HORIZONTAL

ELEGANT & MINIMALIST

Minimalism at its best – that's what puts the B128 P Horizontal Patio Cover a cut above.

Its sophisticated, seamless design suffuses your home with natural light and provides a panoramic view of the garden. Horizontal fabric nixes the need for perfect pitch. Long story short? You can mount your awning at any height.

At the end of the day, this pergola guarantees you make the most of a well-shaded terrace, even with restricted installation height. That way, you can relax and unwind under your awning from dawn to dusk.
